

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time.

CoC Name and Number (From CoC Registration): CA-600 - Los Angeles City & County CoC

CoC Lead Organization Name: LOS ANGELES HOMELESS SERVICES AUTHORITY

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions pertain to the primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the CoC, including, but not limited to, the following types of activities: setting agendas for full Continuum of Care meetings, project monitoring, determining project priorities, and providing final approval for the CoC application submission. This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Board of Commissioners, Los Angeles Homeless Services Authority

Indicate the frequency of group meetings: Monthly or more

Indicate the legal status of the group: Other (specify)

Specify "other" legal status:

Joint Powers Authority created by the City of Los Angeles and the County of Los Angeles

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 40%

*** Indicate the selection process of group members: (select all that apply)**

Elected:	<input type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

Briefly describe the selection process including why this process was established and how it works.

LAHSA is governed by a politically appointed, ten-member Commission. The Commission has the authority to make budgetary, funding, planning and program policies. Five members are selected by the County Board of Supervisors and five are chosen by the Mayor and City Council of the City of Los Angeles. This appointment process was determined by the 1993 Joint Powers Agreement between the City and the County that established LAHSA as an independent agency. Commission Chairperson and Vice Chairperson are elected by the full Commission.

*** Indicate the selection process of group leaders:
(select all that apply):**

Elected:	<input checked="" type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input type="checkbox"/>
Appointed:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

If HUD could provide administrative funds to the CoC, would the primary decision-making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as the grantee, providing project oversight, and monitoring? Explain.

Yes. With administrative funds from HUD, the Los Angeles Homeless Services Authority could fulfill all of the above functions. For 12 years, LAHSA has been the primary applicant to HUD for the Los Angeles Continuum of Care. LAHSA currently administers 261 grants for homeless services, including 110 HUD SHP grants. LAHSA fiscally and programmatically monitors all grants, tracks outcomes, and provides compliance and capacity building training for CoC members. LAHSA is the HMIS administrator for the CoC and is responsible for implementation of this system.

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Monitors and recommends enhancements to the program and is composed of program managers with direct, daily involvement in the provision of housing and services in Skid Row.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Downtown Mental Health Clinic Community Advisory Board

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Facilitates the coordination of community mental health services in the Skid Row area.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Skid Row Safer City Initiative Outreach Team Meeting

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

This team reviews and makes recommendations regarding the implementation of the Safer City Initiative in Skid Row which is one of the largest concentrations of homeless residents in the Nation. Because of the unique needs of this population, the separation of cases involving chronically homeless individuals from cases involving criminal predators and other criminal enterprises has become one of the primary goals for the Skid Row SCI. To this end, the group continues expanding pre- and post-filing diversion alternatives for the chronically homeless while aggressively prosecuting other criminal activity, such as gang and narcotics sales activity, illegal dumping, property-related nuisance activities, fraud schemes and hospital homeless patient dumping cases.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles Coordinating Council for Homeless Families

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

This network of public and private agencies develops and implements recommendations in the plan to end family homelessness.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles Coordinating Council for Runaway & Homeless Youth

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

A nonprofit-led network of public and private agencies focused on identifying and recommending strategies to assist the region's homeless and runaway youth.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles Unified School District Homeless Education Program-LAUDS Homeless Collaborative Meeting

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Group of school representatives and homeless service providers meeting to ensure that homeless youth attend school.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles's HOPE Steering Committee and Workgroups

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

Updates strategic plan and sets policy for Los Angeles's Hope model project designed to enhance recovery of chronically homeless people through housing and employment.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles City Council Ad-Hoc Committee on Homelessness

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

This committee discusses, researches, and makes recommendations on issues of homelessness to the Los Angeles City Council.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: City of Los Angeles Homeless Disaster Preparedness Committee

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

The Committee works to address the issue of disaster preparedness for the homeless by initiating a strategic planning process and pursuing funding for emergency preparedness.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Los Angeles Central Providers Collaborative (LACPC)

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Works with elected officials, residents, business leaders, and others to appropriately serve the homeless community in the downtown Los Angeles area.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Mayor's Housing Finance Diamond Team

Indicate the frequency of group meetings: Semi-annually

Describe the role of this group:

This workgroup develops the financing to implement the development of a 5-year citywide housing policy that includes ending homelessness.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Mayor's Housing Cabinet

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Meeting between the General Managers of the City's Housing Agencies to plan and coordinate city housing strategies for homeless people in the City of Los Angeles.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Mayor's Housing Coordinating Team

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Developing a 5-year citywide housing policy that includes ending homelessness.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Recuperative Care Coalition

Indicate the frequency of group meetings: Monthly or more

Describe the role of this group:

Convenes public and private hospitals, county public health and advocacy organizations to plan for the implementation of recuperative care beds for homeless people.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: Mental Health Crisis Response Program Advisory Board

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

Provides a forum for exchange on issues around mental health.

Continuum of Care (CoC) Committees, Subcommittees and Work Groups Detail

Provide information on each established committee that is part of the CoC organizational structure and involved in the planning process.

Name of Committee/Sub-Committee/Work Group: HUD Quarterly Meeting with LAHSA

Indicate the frequency of group meetings: Quarterly

Describe the role of this group:

Identify and resolve issues affecting homeless service provision, funding, and program and grant management oversight.

1E. Continuum of Care (CoC) Project Review and Selection Process

The CoC should solicit and select projects in a fair and impartial manner. For each of the following sections, select the appropriate items that indicate all of the methods and processes the CoC used in the past year to assess all new and renewal projects performance, effectiveness, and quality.

**Open Solicitation Methods:
(select all that apply)** b. Letters/Emails to CoC Membership, c. Responsive to Public Inquiries, e. Announcements at CoC Meetings, f. Announcements at Other Meetings

**Rating and Performance Assessment Measure(s):
(select all that apply)** b. Review CoC Monitoring Findings, c. Review HUD Monitoring Findings, d. Review Independent Audit, e. Review HUD APR for Performance Results, g. Site Visit(s), i. Evaluate Project Readiness, j. Assess Spending (fast or slow), k. Assess Cost Effectiveness, l. Assess Provider Organization Experience, m. Assess Provider Organization Capacity, n. Evaluate Project Presentation, p. Review Match, r. Review HMIS participation status

**Voting/Decision Method(s):
(select all that apply)** a. Unbiased Panel/Review Committee

1F. Continuum of Care (CoC) Housing Inventory--Change in Beds Available

For each housing type, indicate if there was an increase or reduction in the total number of beds in the 2008 electronic Housing Inventory Chart (e-HIC) as compared to the 2007 Housing Inventory Chart. If there was a change, please describe the reasons in the space provided for each housing type.

Emergency Shelter: Yes

Briefly describe the reasons for the change:

There was a decrease in beds because 7 programs are no longer in operation due to loss in funding or programs' change in focus.

Safe Haven Bed: Yes

Briefly describe the reasons for the change:

The reason for the increase is that there was a change in bed designation for 3 programs that were previously transitional and permanent housing; these 3 programs are now designated as Safe Havens.

Transitional Housing: Yes

Briefly describe the reasons for the change:

There were 19 programs that stopped operating this year and 62 small, community and faith-based programs that were added to the Continuum inventory.

Permanent Housing: Yes

Briefly describe the reasons for the change, including changes in beds designated for chronically homeless persons:

There was an increase because 31 programs that provide permanent housing were added to the Continuum inventory. Also, although the three safe havens with 50 chronically homeless beds were redesignated from transitional and permanent housing to safe havens and their total decreased from our chronically homeless number, there was an increase of 90 beds for the chronically homeless.

CoC certifies that all beds for homeless persons are listed in the e-HIC regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Chart

Document Description: Los Angeles CoC eHIC 2008

1H. Continuum of Care (CoC) Housing Inventory Chart (HIC) - Data Sources and Methods

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Complete the following information based on data collection methods and reporting for the electronic Housing Inventory Chart (e-HIC), including Unmet need determination. The date on which the bed inventory was completed should be one day during the last ten days of January 2008.

Indicate the date on which the housing inventory count was completed: 01/31/2008
(mm/dd/yyyy)

Indicate the type of data or methods used to complete the housing inventory count: Housing inventory survey
(select all that apply)

Indicate the steps taken to ensure data accuracy for the Housing Inventory Chart: Instructions, Training, Updated prior housing inventory information, Follow-up, Confirmation, HMIS, Other
(select all that apply)

Must specify other:

The other step that we conducted to ensure data accuracy for the Housing Inventory Chart was to compare the data from the Inventory of Homeless Beds and Services with the LAHSA-funded Contracts Database and HMIS. In addition, CoC coalition and collaborative group leaders confirmed the data included for their region.

Indicate the type of data or method(s) used to determine unmet need: Applied statistics, Other, Unsheltered count, Housing inventory
(select all that apply)

Specify "other" data types:

In addition to utilizing the housing inventory data and the unsheltered count data, the "Other" data types that were used to determine the unmet need were the (1) Sheltered Count (Point in Time) and (2) General population phone survey to find the hidden homeless. All these data types were used to develop a formula to determine our CoCs unmet need. This formula applies specific percentages to the three housing types (emergency, transitional, and permanent) that meet the needs of homeless individuals, families, and the chronically homeless.

If more than one method was selected, describe how these methods were used.

The L.A. CoC determined its unmet housing need using the point-in-time estimates from the 2007 Greater Los Angeles Homeless Count and applying the following method:

1. First, we estimated the percentage of each population (individuals, families and chronically homeless) who need each housing type at a given point in time. For instance, we determined that 60% of chronically homeless individuals are in need of permanent supportive housing at any given point in time; in contrast, only 10% are in need of emergency shelter. These estimated percentages were developed internally by LAHSA with guidance from our regional coalition leaders. A number of important factors were taken into account, including current utilization rates, national best practices for each population, the need for geographic distribution of sufficient emergency and transitional housing resources, and the Continuums prioritization of permanent supportive housing for the chronically homeless. The percentages were estimated as the following: Individuals: 10% need emergency shelter (ES), 30% need transitional housing (TH) and 60% need permanent supportive housing (PSH). Chronically Homeless: 10% need ES, 30% need TH and 60% need PSH. Families: 25% need ES, 40% need TH and 30% need PSH.

2. Second, we used the percentages to establish the aggregate need by population for each housing type. We did this by multiplying the number of people in each population (individual, chronic or family) by the estimated percentage of that population that would need the specified housing type (emergency, transitional or permanent supportive housing). In other words: (population estimate from Homeless Count) x (% of population in need of housing type) = aggregate need.

For instance, to calculate the aggregate need for individual emergency housing beds, we used the following formula: $51,965 \times 10\% = 5,197$.

Thus, since the estimated number of homeless individuals is 51,965, and we determined that 10% of them would need emergency housing, the aggregate need for emergency housing for individuals is 5,197 beds.

3. Third, we accounted for the beds and units currently within the Continuum to determine the existing supply of each housing type.

4. Fourth and finally, we determined the unmet need by subtracting the number of ES or TH beds available for each population from the aggregate need estimates calculated above. For instance, the existing supply of emergency shelter for individuals was 3,436 beds. By subtracting this from the aggregate need identified above (5,197 beds), we were able to determine that there is an unmet need of 1,761 emergency shelter beds for individuals.

It should be noted that we utilized existing beds for the emergency and transitional housing calculations because these programs, by their very nature, experience relatively high turnover rates. On the other hand, for PSH, we assumed that there was relatively little turnover (vacancy rates of 3%), and subtracted only the number of beds under development from the estimate of need to arrive at an unmet need estimate as of January 1, 2008 for PSH.

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

CoCs should complete the following information in conjunction with the HMIS Lead Agency. All information is to be as of the date this application is submitted.

Select the HMIS implementation type: Regional (multiple CoCs)

**Select the CoC(s) covered by the HMIS:
(select all that apply)** CA-600 - Los Angeles City & County CoC, CA-602 - Santa Ana/Anaheim/Orange County CoC, CA-607 - Pasadena CoC, CA-612 - Glendale CoC

Does the CoC Lead Organization have a written agreement with HMIS Lead Organization? Yes

If yes, the agreement (e.g., contract, Memorandum of Understanding, etc.) must be submitted with the application.

Is the HMIS Lead Organization the same as CoC Lead Organization? Yes

Has the CoC selected an HMIS software product? Yes

If "No" select reason:

If "Yes" list the name of the product: Aesenginuity

What is the name of the HMIS software company? Adsystem Inc.

Does the CoC plan to change HMIS software within the next 18 months? No

Is this an actual or anticipated HMIS data entry start date? Actual Data Entry Start Date

**Indicate the date on which HMIS data entry started (or will start):
(format mm/dd/yyyy)** 09/01/2005

**Indicate the challenges and barriers impacting the HMIS implementation:
(select all the apply):** Inadequate resources, No or low participation by ESG funded providers, No or low participation by non-HUD funded providers, Poor data quality, Inadequate bed coverage for AHAR participation

If "None" was selected, briefly describe why CoC had no challenges or how all barriers were overcome:

Briefly describe the CoC's plans to overcome challenges and barriers:

Inadequate Resources: LAHSA has worked to resolve this obstacle by providing hardware to agencies that lack those resources. LAHSA also provides hands on training, both on- and off-site, to go over HMIS data entry step-by-step.

ESG Funded Programs: The LA CoC has high-volume shelters that do not have a computerized tracking system or an IT infrastructure. LAHSA is implementing a swipe-card system to ease the intake process and make tracking services and clients simpler. LAHSA has also provided shelters with the tools to set-up their IT networks.

Non-HUD Funded Programs: It has been difficult cultivating interest for the implementation of HMIS for non-HUD funded providers. Despite this, LAHSA will continue its outreach to these providers, while aiding those willing to participate. The data import tool being developed should help to overcome data migration issues that these providers have raised.

Poor data quality: Significant training and system enhancements have been implemented to improve the HMIS System user interface and improve data quality. In addition, specialized reports and monthly monitoring has been developed that identify data quality issues on a concurrent basis to facilitate easier data correction and identification of data voids.

AHAR Participation: We have implemented an expedited implementation schedule and are developing a data integration tool to significantly increase bed participation in HMIS.

HMIS Attachment

Document Type	Required?	Document Description	Date Attached
HMIS Agreement	Yes	MOU	08/29/2008

Attachment Details

Document Description: MOU

2B. Homeless Management Information System (HMIS) Lead Organization

Enter the name and contact information for the HMIS Lead Organization.

Organization Name Los Angeles Homeless Services Authority
Street Address 1 453 South Spring Street, 12th Floor
Street Address 2
City Los Angeles
State California
Zip Code 90013
Format: xxxxx or xxxxx-xxxx
Organization Type Other (specify)
If "Other" please specify Joint Powers Authority created by the City of Los Angeles and the County of Los Angeles

2C. Homeless Management Information System (HMIS) Contact Person

Prefix: Mr
First Name Aamir
Middle Name/Initial M
Last Name Shaikh
Suffix
Telephone Number: 213-225-6565
(Format: 123-456-7890)
Extension
Fax Number: 213-892-0093
(Format: 123-456-7890)
E-mail Address: ashaikh@lahsa.org
Confirm E-mail Address: ashaikh@lahsa.org

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For each housing type, indicate the percentage of the CoC's total beds (bed coverage) in the HMIS.

* Emergency Shelter (ES) Beds	0-50%
* Safe Haven (SH) Beds	0-50%
* Transitional Housing (TH) Beds	0-50%
* Permanent Housing (PH) Beds	0-50%

How often does the CoC review or assess its HMIS bed coverage? Monthly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

LAHSA is streamlining the intake process for HMIS and issuing new technology in an effort to increase CoC agency participation. There are four elements that LAHSA is rolling out to aid in this effort: 1) A new swipe card technology, 2) a Scantron intake form, 3) a data import tool and 4) the production of several audit reports to ease the reporting process for agencies.

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

Where the collection of Social Security Numbers is not authorized by law, failure to collect this data element will not competitively disadvantage an application. Additionally, in lieu of the actual SSN, the response categories of "Don't Know" and "Refused" are considered valid response categories, per the HMIS Data and Technical Standards.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2008.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	26%	0%
* Date of Birth	0%	0%
* Ethnicity	0%	0%
* Race	0%	0%
* Gender	0%	0%
* Veteran Status	0%	11%
* Disabling Condition	0%	9%
* Residence Prior to Program Entry	10%	6%
* Zip Code of Last Permanent Address	13%	18%
* Name	0%	0%

Did the CoC or subset of the CoC participate in AHAR 3? Yes

Did the CoC or subset of the CoC participate in AHAR 4? Yes

How frequently does the CoC review the quality of client level data? Monthly

How frequently does the CoC review the quality of program level data? Monthly

Describe the process, extent of assistance, and tools used to improve data quality for participating agencies.

LAHSA conducts trainings addressing needs of participating CoC agencies and the programs they administer. LAHSA provides technical support through email, phone, in class training, onsite training, and remote assistance. LAHSA reviews data reports and identifies agencies that frequently generate poor quality data in order to target trainings and assistance to their needs.

To encourage participation, LAHSA sends out detailed reminder notifications to agencies as their data submission deadlines approach.

Finally, regular reports are generated to ensure that funding requirements are aligned with reported program designs and outcomes.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS.

LAHSA's HMIS team ensures that program entry and exit dates are valid in 5 ways:

- 1) Auditing: Regular auditing reports are issued to providers prior to upcoming due dates. This gives providers a chance to examine possible entry and exit date errors prior to the deadline.
- 2) Technical Assistance: Technical assistance and trainings are provided to providers of all experience levels. Special attention is given to providers that have less experience in computing generally and/or HMIS usage specifically.
- 3) Monitoring: LAHSA monitors the HMIS data regularly, to ensure providers submit accurate dates.
- 4) Computerized fail-safe: The HMIS software prohibits providers from entering exit dates that precede entry dates, as well as entry dates that succeed exit dates.
- 5) Self-exams: Providers are encouraged to run their own reports and check their data entries for mistakes prior to submission.

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC uses each of the following items:

Data integration/data warehousing to generate unduplicated counts:	Annually
Use of HMIS for point-in-time count of sheltered persons:	Annually
Use of HMIS for point-in-time count of unsheltered persons:	Annually
Use of HMIS for performance assessment:	Semi-annually
Use of HMIS for program management:	Annually
Integration of HMIS data with mainstream system:	Never

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead completes a compliance assessment for each of the following standards:

* Unique user name and password	Semi-annually
* Secure location for equipment	Annually
* Locking screen savers	Never
* Virus protection with auto update	Monthly
* Individual or network firewalls	Annually
* Restrictions on access to HMIS via public forums	Monthly
* Compliance with HMIS Policy and Procedures manual	Annually
* Validation of off-site storage of HMIS data	Annually

How often does the CoC assess compliance with HMIS Data and Technical Standards? Semi-annually

How often does the CoC aggregate data to a central location (HMIS database or analytical database)? Semi-annually

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 05/08/2008

If 'No' indicate when development of manual will be completed:

2H. Homeless Management Information System (HMIS) Training

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the frequency in which the CoC or HMIS Lead offers each of the following training activities:

Privacy/Ethics training	Monthly
Data Security training	Monthly
Data Quality training	Monthly
Using HMIS data locally	Monthly
Using HMIS data for assessing program performance	Monthly
Basic computer skills training	Monthly
HMIS software training	Monthly

2I. Continuum of Care (CoC) Point-in-Time Homeless Population

Instructions:

This section must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations on a single night. HUD requires CoCs to conduct a point-in-time count at least every two years during the last 10 days of January - January 22nd to 31st - and requests that CoCs conduct a count annually if resources allow. The last required count was in January 2007. Data entered in this chart must reflect a point-in-time count that took place during the last 10 days of January in 2007 or 2008, unless a waiver was received by HUD.

There are six (6) categories of homeless populations on this form. They are:

Households with Dependent Children - Sheltered Emergency
Households with Dependent Children - Sheltered Transitional
Households with Dependent Children - Unsheltered

Households without Dependent Children - Sheltered Emergency
Households without Dependent Children - Sheltered Transitional
Households without Dependent Children - Unsheltered

For each category, the number of households must be less than or equal to the number of persons. For example, in Households with Dependent Children - Sheltered Emergency, the number entered for ?Number of Households? must be less than or equal to the number entered for ?Number of Persons (adults with children).?

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the date of the last PIT count: 01/23/2007

For each homeless population category, the number of households must be less than or equal to the number of persons.

	Households with Dependent Children			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Number of Households	297	612	5,329	6,238
Number of Persons (adults and children)	1,033	1,992	13,618	16,643
	Households without Dependent Children			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Number of Households	4,386	3,898	42,154	50,438
Number of Persons (adults and unaccompanied youth)	4,492	3,925	43,548	51,965
	All Households/ All Persons			
	Sheltered	Transitional	Unsheltered	Total
	Emergency			
Total Households	4,683	4,510	47,483	56,676
Exhibit 1		Page 73		10/21/2008

LOS ANGELES HOMELESS SERVICES AUTHORITY			COC_REG_v10_000213	
Total Persons	5,525	5,917	57,166	68,608

2J. Continuum of Care (CoC) Point-in-Time Homeless Subpopulations

Instructions:

Enter the number of sheltered and unsheltered adults who belong in each subpopulation category. As in the Homeless Populations chart, this chart must be completed using data from a point-in-time count conducted during the last ten days of January 2007 or January 2008. Only adults should be included in the counts for this chart, except for the Unaccompanied Youth (those under age 18) category. Subpopulation data is required for sheltered persons and optional for unsheltered persons, with the exception of Chronically Homeless.

Complete the following information for the most recent point-in-time (PIT) count conducted using statistically reliable, unduplicated counts or estimates of homeless persons. Completion of the "Unsheltered" column is optional for all subpopulations, except for Chronically Homeless.

	Sheltered	Unsheltered	Total
* Chronically Homeless (Federal definition)	1,604	20,772	22,376
* Severely Mentally Ill	4,382	20,122	24,504
* Chronic Substance Abuse	2,567	22,173	24,740
* Veterans	1,712	6,741	8,453
* Persons with HIV/AIDS	263	972	1,235
* Victims of Domestic Violence	1,190	6,002	7,192
* Unaccompanied Youth (under 18)	218	1,070	1,288

2K. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Separately calculate and enter the percentage of emergency shelter and transitional housing providers that provided data for the Homeless Population and Subpopulation charts. For example, if 9 out of 12 transitional housing programs provided point-in-time data, enter 75%. If all providers for a program type contributed data, enter 100%.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Annually (every year); Biennially (every other year); Semi-annually (every six months)

How often will the CoC conduct a PIT count? Biennially

Enter the date in which the CoC plans to conduct its next annual point-in-time count: 01/27/2009
(mm/dd/yyyy)

Indicate the percentage of providers supplying population and subpopulation data collected via survey, interview, and/or HMIS.

Emergency Shelter providers 99%

Transitional housing providers: 98%

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Methods

Instructions:

Survey Providers:

Providers counted the total number of clients residing in each program on the night designated as the point-in-time count.

HMIS:

The CoC used HMIS to complete the point-in-time sheltered count.

Extrapolation:

The CoC used extrapolation techniques to estimate the number and characteristics of sheltered homeless persons from data gathered at most emergency shelters and transitional housing programs.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:

(Select all that apply):

Survey Providers:	X
HMIS:	X
Extrapolation: (Extrapolation attachment is required)	
Other:	

If Other, specify:

Describe how the sheltered population data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered count.

LAHSA compiled an inventory of emergency and transitional shelters using: LAHSA's inventory of beds and services; LAHSA-funded emergency and transitional shelters; and input from providers and LAHSA staff. LAHSA asked these agencies to submit a count of those they sheltered on the nights coinciding with the Street Count. LAHSA ensured better count completion and accuracy by confirming that all shelter homeless count contacts received the packet of instructions and tally forms, and by providing training two weeks before the Count. LAHSA contacted all non-respondents to encourage them to submit their counts, resulting in more shelters responding. Of the approximately 375 shelters and voucher-accepting motels/hotels asked to participate in the PIT Shelter Count, LAHSA obtained a 97% response rate.

The main factors resulting in an improved process from prior counts were: a better inventory of sites; more extensive training of shelter staff; an improved shelter response rate.

2M. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation Data

Instructions:

HMIS:

Only HMIS used for subpopulation data on sheltered persons (no extrapolation for missing data).

HMIS plus extrapolation:

Extrapolation to account for missing HMIS data and HUD's extrapolation tool completed.

Sample of PIT interviews plus extrapolation:

Interviews conducted with a random or stratified sample of sheltered adults and unaccompanied youth and appropriate HUD extrapolation tool completed.

Interviews:

Interviews conducted with every person staying in an emergency shelter or transitional housing program on the night of the point-in-time count.

Non-HMIS client level information:

Providers used individual client records to provide subpopulation data for each sheltered adult and unaccompanied youth for the night of the point-in-time count.

Other:

CoC used a combination of methods.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

HMIS	
HMIS plus extrapolation:	
Sample of PIT interviews plus extrapolation: (PIT attachment is required)	
Sample Strategy:	Stratified Sample
Provider Expertise:	
Non-HMIS client level information:	
None:	
Other:	X

If Other, specify:

LAHSAs subpopulation estimates were based on in-depth surveys conducted with sheltered and unsheltered homeless persons. Teams of trained interviewers conducted approximately 3,300 of these surveys on the streets and in shelters over a 3-week period. The results were used to create a statistical projection of homeless subpopulations across the Continuum. The subpopulation categories were strictly based on HUD-mandated definitions. LAHSA set geographic distribution quotas to achieve statistically valid results in each Service Planning Area.

Describe how the sheltered subpopulation data was collected and the count produced. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the sheltered subpopulation counts, particularly the chronically homeless count.

The following provides the planning and implementation of how the sheltered subpopulation data was collected and the count produced.

PLANNING AND IMPLEMENTATION

The survey of 3,230 homeless persons was conducted in order to yield quantitative and qualitative data about the homeless community in Los Angeles County. The survey elicited information such as gender, family status, military service, length and recurrence of homelessness, usual nighttime accommodations, causes of homelessness, and access to services. Information was gathered through open-ended, closed-ended, and multiple response questions.

SAMPLING

A key improvement in 2007 was targeting a representative sample of homeless persons throughout the Los Angeles Continuum of Care. LAHSA developed an extensive sampling plan, distribution plan, and process to manage the successful completion of the surveys in 2007 and included a sheltered strata and a street (unsheltered) strata.

The 2005 Homeless Count report indicated that 88% of homeless persons resided on the streets and only 12% resided in shelters in the Los Angeles Continuum of Care. This finding informed LAHSA's decision to conduct the majority of the surveys on the streets so that weighting of the survey responses would be manageable when analyzing data. LAHSA assigned the target 1,980 Street Surveys (60%) by Service Planning Area according to the geographic distribution ratios found in the 2005 Homeless Count Final Report. In addition, the 2007 Homeless Survey attempted to obtain information on Skid Row independent of SPA 4, largely due to the unique characteristics of Skid Row and the homeless people living in that community.

LAHSA attempted to obtain a representative sample of homeless persons by sorting the sample by census tract. The plan entailed targeting "must enumerate", random, and non-selected census tracts from the Street Count effort. Of the census tracts LAHSA targeted to complete surveys, 60% were classed as "must enumerate" (high census), 20% were random, and 20% were non-selected census tracts. With assistance from Dr. Martha Burt, researcher with the Urban Institute, LAHSA also pursued a plan to target census tracts based on the preliminary (and rough) results of the 2007 Street Count tally sheets. This required LAHSA to informally analyze the tally sheets from the nights of the 2007 Street Count. LAHSA sorted the tally sheets by SPA in descending order to establish cost-effective targets where LAHSA staff and homeless paid workers would travel to complete surveys.

SHELTER SURVEYS

LAHSA assigned a target that allocated 1,320 Shelter Surveys (40%) by Service Planning Area according to the geographic distribution of beds derived from LAHSA's 2007 inventory database. Transitional shelters provide 60%, emergency shelters 25%, and winter shelters 15% of the beds available in the Los Angeles Continuum of Care. These percentages became LAHSA's targets for survey completion of the homeless surveys assigned to shelters. Overall, LAHSA completed 49% of the Homeless Surveys assigned to transitional housing, 26% of the surveys in winter shelter programs, and 25% in agencies serving persons in need of emergency shelters.

LAHSA targeted shelters within each SPA by:

*Sorting the inventory of beds to determine target allocation by SPA and by program type.

- *Organizing the list of shelters by size.
- *Determining the allocation of homeless surveys by agency size to ensure large and small agencies are represented appropriately.
- *Organizing volunteers to complete surveys in the shelters in two phases.

In total, of 1,320 surveys allocated to shelters in the Los Angeles Continuum of Care, LAHSA received 1,126 completed surveys.

IMPROVEMENTS

Comparing our most recent point-in-time count to the last biennial count, there were several improvements to 2007 Homeless Demographic Survey increased data integrity. The improvements were:

- *LAHSA collaborated with City and County stakeholders, homeless services providers, and academic experts to enhance the survey instrument. In addition, LAHSA pilot tested the demographic survey in December 2006 at Project Homeless Connect.
- *Data collection procedures in 2007 were improved by providing a separate, in-depth training for volunteers participating in the Demographic Survey. In addition, 32 homeless persons were hired through an extensive selection and training process. As with the street count tally sheets, LAHSA reviewed all returned surveys. The project's statistical consultant conducted a final review to ensure the surveys did not have duplicate respondents (the same homeless person responding to two surveys).

The improvements in the demographic survey process led to more representative findings for the homeless population in the Los Angeles Continuum of Care. Methodological improvements, along with a gradual increase in the supply of permanent supportive housing, may have been partially responsible for a reported decrease in certain subpopulations, including the chronically homeless.

2N. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the steps used to ensure the data quality of the sheltered persons count:
(select all that apply)**

Instructions:	X
Training:	X
Remind/Follow-up	X
HMIS:	X
Non-HMIS de-duplication techniques:	
None:	
Other:	X

If Other, specify:

LAHSA used the CoC Inventory of Homeless Beds and Services Database, the LAHSA-funded Contracts Database & HMIS to verify that each emergency and transitional provider was included as a respondent for the Sheltered PIT Count and reconciled the data from each database.

Describe the non-HMIS de-duplication techniques (if Non-HMIS de-duplication was selected):

20. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Public places count:

Count conducted based on observation of unsheltered persons without interviews

Public places count with interviews:

Interviewed either all unsheltered persons encountered during public places count or a sample

Service-based count:

Counted homeless persons using non-shelter services based on interviews.

HMIS:

HMIS used to collect, analyze or report data on unsheltered persons.

For additional instructions, refer to the detailed instructions available on the left menu bar.

**Indicate the method(s) used to count unsheltered homeless persons:
(select all that apply)**

Public places count:	<input type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input type="checkbox"/>
HMIS:	<input type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

If Other, specify:

A multi-level statistical analysis was used to analyze street count data. This analysis was based on a stratified random sampling approach. Trained teams enumerated over 35% of the census tracts in the Los Angeles Continuum of Care. The balance of census tracts (65%) were statistically produced using established population estimation methodologies recommended by HUD. The analysis component produced an estimate of the number of unsheltered homeless people in the Los Angeles Continuum of Care area at a 95% confidence level and a 7.5% margin of error.

In addition to the public places count, trained teams conducted demographic interviews of a sample of 1980 unsheltered homeless people.

2P. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

Complete coverage:

Every part of a specified geography (e.g. entire city, downtown area, etc.) is covered by enumerators.

Known locations:

Counting in areas where unsheltered homeless people are known to congregate or live.

Combination:

Conducting counts for every block in a portion of the jurisdiction (e.g. central city) AND conducting counts in other portions of the jurisdiction where unsheltered persons are known to live.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the level of coverage of the PIT count of unsheltered homeless people: Complete Coverage and Known Locations

If Other, specify:

2Q. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the steps used by the CoC to ensure the data quality of the unsheltered persons count. (select all that apply)

Training:	<input checked="" type="checkbox"/>
HMIS:	<input type="checkbox"/>
De-duplication techniques:	<input type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

If Other, specify:

In addition to providing a comprehensive training, we audited tally sheets as they were completed. Any tally sheets that appear unusual resulted in an immediate same-night recount by a second team of trained enumerators.

Describe the techniques used to reduce duplication.

The County of Los Angeles covers over 4000 square miles. The logistics for conducting a point-in-time street count of homeless people in a county this large required the enumeration to take place over a three-day period (January 23-25, 2007).

The County was also divided into eight distinct Service Planning Areas (SPAs) to assist in the logistical coordination of the Count. Based on our experience, we looked at the travel and migration patterns of homeless people and assigned logical groupings of planning areas that minimize the potential for duplication. Therefore, on January 23, SPAs 1, 2, and 5 were enumerated; on January 24, SPAs 3, 7, and 8 were enumerated; and on January 25, SPAs 4 and 6 were enumerated.

To avoid potential duplication between the unsheltered and sheltered homeless, the street and shelter count was conducted on the same nights for the same geographic area, within a narrow timeframe so that sheltered and unsheltered homeless would not commingle. Therefore, the Unsheltered Street Count occurred between 9:00 p.m. and 2:00 a.m. and the shelters were asked to count how many homeless were housed in their facilities at 10:00 p.m. that night.

Describe the CoCs efforts, including outreach plan, to reduce the number of unsheltered homeless households with dependent children.

The Los Angeles CoC has prioritized families and invested significant resources to increase housing for homeless families. Over the past year, Los Angeles County has provided over \$10 million in housing funding to help place over 300 families into housing outside of the Skid Row area. Additionally, we are working with both the City and County of Los Angeles to develop specialized family case manager and resource inventories to expedite a family's ability to obtain housing and shelter and increase income to support sustainable housing.

Describe the CoCs efforts to identify and engage persons routinely sleeping on the streets and other places not meant for human habitation. Additionally, comparing your most recent point-in-time count to the last biennial/annual count, describe any factors that may have resulted in an increase, decline or no change in the unsheltered population (especially the chronically homeless and families with children).

Under LAHSA's leadership, the Continuum has compiled a comprehensive inventory of all Outreach service providers throughout the County, including subpopulations served, and has begun developing coordinated planning for outreach services throughout the Continuum. Better coordination of outreach services will provide better geographic coverage and reduce duplication in engagement activities between outreach workers.

Comparing the 2007 Homeless Count with the 2005 Homeless Count, the number of homeless persons in the Los Angeles Continuum of Care decreased overall. The numbers of chronically homeless people and homeless families with children also decreased.

Improvements in identifying "must enumerate" (high concentration of homeless people) census tracts were made. Collaboration with law enforcement, homeless service providers, and City and County stakeholders improved the ability to identify high concentrations of homelessness throughout the Los Angeles CoC. In addition, LAHSA continued to monitor homelessness within the County up to the night of the start of the Homeless Count in order to obtain the most accurate locations of the mobile homeless population.

With a higher number of "must enumerate" tracts in 2007, the incidence of outliers in the pool of random census tracts was minimized. Furthermore, analysis of the street count tally sheets revealed fewer statistical outliers by Service Planning Area (SPA.) Thus, the number of homeless people projected to the remaining census tracts reduced the potential for overestimation of the homeless population throughout the Los Angeles CoC and in each SPA.

Improvements in the process for counting unsheltered homeless persons on the nights of the homeless count led to greater accuracy. Specifically, improvements in training, auditing and re-counting questionable tally sheets led to more accurate numbers in 2007. Building on the experience of 2005, volunteer and paid worker trainings were improved, with more sessions in more facilities across Los Angeles County and by deploying Site Coordinators who would ultimately oversee street count operations on the nights of the count. This resulted in immediate identification of unusual counts on tally sheets. In cases where tally sheets were deemed questionable or where enumerators didn't adequately explain findings, the tracts in question were recounted that or the subsequent night. Twenty (approximately 4%) of the census tracts enumerated were re-enumerated for the reasons noted above.

3A. Continuum of Care (CoC) 10-Year Plan, Objectives and Action Steps

Click on the icon and add requested information for each of the national objectives.

Objective
Increase percentage of homeless persons staying in PH over 6 months to at least 71.5%
Increase percentage of homeless persons moving from TH to PH to at least 63.5%
Increase percentage of homeless persons employed at exit to at least 19%
Decrease the number of homeless households with children
Create new PH beds for chronically homeless persons

CoC 10-Year Plan, Objectives and Action Steps Detail

Instructions:

Provide local action steps and measurable achievements for attaining each of the five national HUD objectives listed, as part of the goal to end chronic homelessness and help to move families and individuals into permanent housing.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Select Objective: Increase percentage of homeless persons staying in PH over 6 months to at least 71.5%

Objectives to End Chronic Homelessness and Move Families and Individuals to Permanent Housing

2008 Local Action Steps

List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	MONITOR, IDENTIFY, IMPROVE PERFORMANCE: Continue to monitor the success of permanent housing projects in meeting this objective by systematically reviewing all Annual Progress Reports. Identify programs performing below the HUD standard (71.5%) and work with administering agencies to create a strategy to improve performance (i.e. providing more comprehensive follow-up case management services, mental health services, etc.).	Rebecca Isaacs, Executive Director, LAHSA
Action Step 2	SUPPORT HOUSING RETENTION TARGETING FORMERLY HOMELESS PERSONS WITH MENTAL ILLNESSES COUNTY HOUSING SPECIALISTS: Continue to support the funding of County housing specialists funded through the Mental Health Services Act (MHSA). There are currently 10 Housing Specialists employed by DMH throughout the County. Last year, housing specialists placed 93 homeless mentally ill individuals into permanent housing, primarily in units subsidized by the Section 8 and Shelter Plus Care programs. The housing specialists promote housing retention by working closely with case managers to provide critical follow-up once clients are placed. FULL SERVICE PARTNERSHIPS (FSPs): Facilitate use of 1,990 FSPs through MHSA. FSPs increase housing retention by providing intensive, long-term supportive services for formerly homeless individuals and those at risk of homelessness who have a serious mental illness or emotional disturbance. The FSP administering agencies also employ housing specialists who work with case managers to promote housing retention for those clients who secure permanent housing. PROJECT 50: The 50 chronically homeless individuals from Skid Row who have been placed in permanent supportive housing through the County-funded Project 50 will receive intensive follow-up case management by dedicated case managers to support them in maintaining their housing. The integrated, wrap-around services include primary healthcare, substance abuse treatment, medication management, and mental health services.	Bill Fujioka, Chief Executive Officer, County of Los Angeles

Action Step 3

SUPPORT HOUSING RETENTION FOR FORMERLY HOMELESS INDIVIDUALS AND FAMILIES EVICTION PREVENTION: Provide eviction prevention resources to help people at risk of homelessness retain housing. Continue to support the funding of Department of Public Social Services (DPSS) eviction prevention programs, such as the Homeless Assistance Permanent Arrearage Payment program and the Emergency Assistance to Prevent Eviction program which last year served 2,518 families and is funded by the Countys \$100 million Homeless Prevention Initiative. These programs provide financial resources to CalWORKs families who face eviction due to financial hardship. HOMELESS CASE MANAGERS: Continue to support the funding of County case management and supportive services programs that help homeless or formerly homeless individuals and families retain housing. DPSS operates the CalWORKs Homeless Case Management Program, the Homeless CalWORKs Families Program, and the CalWORKs District Access Program to connect homeless families receiving CalWORKs benefits to its specialized assistance programs. DPSS GR Housing Subsidy and Case Management Program, part of the Countys \$100 million Homeless Prevention Initiative, provides intensive case management to those homeless individuals receiving rental subsidies through the program. Last year, 1,535 homeless GR participants received rental subsidies and case management services. HOUSING LOCATORS: Continue to support the funding of DPSS housing locators that last year placed 363 homeless families into permanent housing. Housing locators, working with case managers, provide follow-up case management to promote housing retention. MAINSTREAM BENEFIT ENROLLMENT: Track and support DPSS program to assist eligible GR clients in securing SSI benefits. Increasing clients entitlement income will significantly improve their ability to maintain permanent housing.

Bill Fujioka, Chief Executive Officer,
County of Los Angeles

2008 Local Action Steps

List local action steps for attaining this objective within the next 12 months. Also, in the "Lead Person" column, identify the title of one person responsible for accomplishing each action step and the organization which they represent.

		Lead Person
Action Step 1	<p>MONITOR, IDENTIFY, IMPROVE PERFORMANCE THROUGH TRAINING Review and analyze the Participant Destination sections of newly implemented transitional housing quarterly reports. Evaluate data and meet with both high- and low-performing agencies for the purpose of identifying causes for high and low placement rates in permanent housing. Continue to identify both systemic and client-specific barriers that negatively impact the transition from transitional housing to permanent housing for participants and work with agencies to create a strategy to improve performance. Over the next year, LAHSA will develop a technical assistance and training strategy to help low-performing agencies improve their clients housing outcomes. The strategy will use internal resources and work with external partners with expertise in permanent housing to reach a quantifiable training goal and a specific timeline for implementation.</p>	Rebecca Isaacs, Executive Director, LAHSA
Action Step 2	<p>SUPPORT PERMANENT HOUSING PLACEMENT PROGRAMS Continue to support the various County-funded programs that assist homeless individuals and families in accessing permanent housing. MOVING ASSISTANCE AND RENTAL SUBSIDIES: Funded by the County Homeless Prevention Initiative, DPSS 12-Month Rental Subsidy for CalWORKs Families, 12-Month Rental Subsidy for non-CalWORKs Families, and Moving Assistance for CalWORKs Non-Welfare-to-Work and Non-CalWORKs Homeless Families provide rental subsidies specifically to those families residing in transitional housing and other short-term housing programs. These programs served 1,565 families over the last fiscal year. The GR Housing Subsidy and Case Management Project serves homeless individuals and last fiscal year 1,535 persons received subsidies and case management services. HOUSING LOCATORS AND SPECIALISTS: DPSS Housing Locators and DMH Housing Specialists will continue to assist homeless clients in securing permanent housing. Last fiscal year, Housing Locators placed 363 families into permanent housing and Housing Specialists placed 93 mentally ill individuals into permanent housing.</p>	Bill Fujioka, Chief Executive Officer, County of Los Angeles
Action Step 3	<p>CONDUCT THE OPENING NEW DOORS INSTITUTE Conduct the Corporation for Supportive Housing (CSH) Opening New Doors Supportive Housing Training Institute that will take place January through July 2009. Currently, CSH Los Angeles is offering a Pre-Institute Prep Series of workshops specifically geared toward service providers. The goal of the prep series is to increase the capacity of service providers to form effective partnerships with developers in accessing funding, as well as owning and operating permanent supportive housing. In this way, the series will prepare service providers and others new to permanent supportive housing for participation in the Opening New Doors Institute.</p>	Ruth Teague, Associate Director for Southern California, Corporation for Supportive Housing

		Lead Person
Action Step 1	MONITOR, IDENTIFY, IMPROVE PERFORMANCE Review and analyze the employment outcomes section of the Annual Progress Report on a quarterly basis. Evaluate data and meet with both high- and low-performing agencies for the purpose of identifying causes for high and low employment rates upon client exit. Continue to identify both systemic and client-specific barriers that negatively impact employment outcomes and work with agencies to create a strategy to improve performance.	Rebecca Isaacs, Executive Director, LAHSA
Action Step 2	TRAIN Provide technical assistance and programmatic training to help providers improve their clients employment outcomes. CDD will host technical assistance sessions for homeless housing and service providers with the goal of better connecting them to WorkSource Centers and other employment resources in their communities. CDD will work with LAHSA to engage providers who need the most help or are in geographic areas that would benefit from greater linkages.	Richard Benbow, General Manager, Community Development Department (CDD), City of Los Angeles
Action Step 3	CONTINUE PROVISION OF EMPLOYMENT SERVICES TARGETED TO CHRONICALLY HOMELESS The Living Independently Through Employment (LITE) project, administered by the City of Los Angeles Community Development Department (CDD), provides employment services to the homeless through its collaboration with seven public and private agencies. Through the project, an employment portal linked to the WorkSource California Career Centers is located at the Skid Row Development Corporation/Volunteers of America site in Skid Row. The portal, open six days a week, provides both self-directed and staff-assisted services to homeless persons seeking a range of employment assistance, such as computer and telephone access, referrals to vocational training, and workshops. An additional portal housed at the New Image Emergency Shelter in South Los Angeles provides services to shelter clients five days a week.	Richard Benbow, General Manager, Community Development Department (CDD), City of Los Angeles

		Lead Person
Action Step 1	CENTRALIZED INTAKE AND INCREASED HMIS BED COVERAGE FOR FAMILY PROVIDERS The Continuum will create a centralized intake system for homeless families. Work over the next year will include conducting a needs assessment and best practice analysis, creating a program design, analyzing available costs and resources, and implementing the system. The Continuum will work to increase the number of homeless family providers using HMIS. Currently, HMIS covers 26% of CoC family provider beds. By March 2010, we will have 40% coverage.	Rebecca Isaacs, Executive Director, LAHSA
Action Step 2	CONTINUE AND EXPAND EFFORTS TO RELOCATE HOMELESS FAMILIES FROM SKID ROW INTO PERMANENT HOUSING The County-funded Skid Row Families Demonstration Project, utilizing a Housing First methodology, will relocate a total of 300 families from Skid Row into permanent housing outside of Skid Row and provide follow-up home-based case management for six months to support families in their transition to permanent housing. As of August 20, 2008, 192 families had been relocated. The Skid Row Assessment Team (a partnership between the County of Los Angeles Departments of Public Social Services, Children and Family Services, and Public Health) will continue to work in coordination with the LAHSA Emergency Response Team to assess homeless families on Skid Row and refer them to emergency housing and services, with the ultimate goal of securing permanent housing. In 2007, 258 homeless families were served by this project.	Bill Fujioka, Chief Executive Officer, County of Los Angeles
Action Step 3	TRAIN PROVIDERS ON THE HOUSING FIRST AND RAPID REHOUSING FOR FAMILIES MODELS The United Way of Greater Los Angeles will conduct six training sessions for homeless housing and service providers on the Housing First and Rapid Rehousing for Families models. These trainings will be based in Los Angeles and will be open to all Los Angeles CoC providers. LAHSA will help promote these trainings to family and other relevant providers as part of its ongoing continuum-wide capacity building effort.	Elise Buick, President and CEO, United Way of Greater Los Angeles

LOS ANGELES HOMELESS SERVICES AUTHORITY		COC_REG_v10_000213
Action Step 1	<p>USE SECTION 8 HOUSING CHOICE VOUCHERS TO CREATE NEW PERMANENT HOUSING UNITS FOR THE CHRONICALLY HOMELESS. SECTION 8 PROJECT-BASED VOUCHERS: Facilitate use of project-based vouchers committed by the Housing Authority of the City of Los Angeles (HACLA) through the City of Los Angeles Permanent Supportive Housing Program (PSHP). The PSHP is a collaboration among four City of Los Angeles agencies: HACLA, the Los Angeles Housing Department, the Community Redevelopment Agency of the City of Los Angeles, and the Los Angeles Department of Water and Power, as well as LAHSA. This program provides both capital funding and operating subsidies, primarily through project-based vouchers, to fund the development of permanent supportive housing. At least 35% of units in projects serving single adults must be set-aside for the chronically homeless. PSHP funds have been committed to the following projects that will provide at least 324 units of new permanent supportive housing for the chronically homeless over the next five years. -SRO Housing Corp., James M. Wood Apartments (31 chronic units) -Skid Row Housing Trust, New Carver Apartments (34 chronic units) -People Assisting The Homeless, Bonnie Brae Village (45 chronic units) -SRO Housing Corporation, Renato Apartments (58 chronic units) -Downtown Womens Center (24 chronic units) -Skid Row Housing Trust, New Genesis Apartments (37 chronic units) -A Community of Friends, Vendome Palms (15 chronic units) -LA Housing Partnership, New Parkview on the Park (80 chronic units) SECTION 8 HOMELESS PROGRAM: Facilitate use of HACLA Section 8 Homeless Program vouchers to create new units of PH for the CH. HACLA dedicated 4,011 vouchers this year, 10% of which should be targeted to the CH over the next five years, in accordance with LA Mayor Villaraigosa's Housing That Works plan.</p>	Rudolf Montiel, President and CEO, Housing Authority of the City of Los Angeles (HACLA)
Action Step 2	<p>USE SHELTER PLUS CARE TO CREATE NEW PERMANENT HOUSING UNITS FOR THE CHRONICALLY HOMELESS. SPONSOR-BASED SHELTER PLUS CARE: The following project will lease up in the next year using S+C SRA certificates: -Skid Row Housing trust, The Abbey Apartments (115 units) Secure 2008 S+C funding to ensure completion of the following sponsor-based projects for chronically homeless individuals. These vouchers will be distributed in calendar year 2009 and are reflected in the CoCs numeric achievement in five years: -Hollywood Community Housing Corp., Hollywood Bungalows (15 units) -HACLA Good Samaritan Bonus Project, scattered site apartments (99 units) TENANT-BASED SHELTER PLUS CARE: Secure 2008 S+C funding to ensure completion of the following tenant-based projects for chronically homeless people. These vouchers will be distributed in calendar year 2009 and will be reflected in the CoCs numeric achievements in five years: -County Department of Mental Health, scattered site apartments (19 units) -City of Santa Monica, scattered site apartments (15 units) -St. Josephs Center, scattered site apartments (14 units)</p>	Rebecca Isaacs, Executive Director, Los Angeles Homeless Services Authority (LAHSA)
Action Step 3	<p>USE MENTAL HEALTH SERVICES ACT (MHSA) HOUSING PROGRAM FUNDING TO CREATE NEW PERMANENT HOUSING BEDS FOR THE CHRONICALLY HOMELESS Los Angeles County will be allocated a total of \$115 million in capital funding (\$75 million) and capitalized operating subsidies (\$40 million) through the California MHSA Housing Program for the development of permanent supportive housing for individuals and families with serious mental illnesses who are homeless or at-risk of homelessness. This program is jointly administered by the California Housing Finance Agency and the California Department of Mental Health. Recommendations for funding are made to the State by the County Department of Mental Health. The CoC will use federal and local dollars to leverage state MHSA funding to ensure the completion of 27 units in the following projects for chronically homeless people with severe and persistent mental illnesses within three to five years: -LA Family Housing, Glenoaks Gardens (21 chronic units) -A Community of Friends, Nehemiah Court (6 chronic units)</p>	Dr. Marvin Southard, Director, Los Angeles County Department of Mental Health (L.A. DMH)

Numeric Achievement in 10 years	3,500

3B. Continuum of Care (CoC) Discharge Planning Protocols: Level of Development

Instructions:

Pursuant to the McKinney-Vento Act, to the maximum extent practicable, persons discharged from publicly funded institutions or systems of care should not be discharged into homelessness. For each system of care, the CoC should indicate the level of development for its discharge planning policy.

For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge Protocol: Formal Protocol Implemented
Health Care Discharge Protocol: Formal Protocol Implemented
Mental Health Discharge Protocol: Formal Protocol Implemented
Corrections Discharge Protocol: Formal Protocol Implemented

3C. Continuum of Care (CoC) Discharge Planning Protocols: Narratives

For each system of care describe the discharge planning protocol. For additional instructions, refer to the detailed instructions available on the left menu bar.

Foster Care Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

The Los Angeles County Department of Children and Family Services (DCFS) protocol requires a Transitional Independent Living Plan for every youth age 14 and older in out of home care to ensure they are not discharged into homelessness. This protocol complies with California State Child Welfare regulations, which require completion of a Transitional Independent Living Plan (TILP) for youth between 15 ½ and 16 years who are in placement. The social worker is to ensure that the plan provides for acquisition of safe and affordable housing, upon emancipation. (California Department of Social Services Manual of Policies and Procedures, Division 31-236 (i)(12).

These case and discharge planning procedures are supported by the provision of State-sponsored transitional housing placement programs (THPP), authorized under Section 11403 of the California Welfare and Institutions Codes. In addition, counties may also participate in the States license-exempt Transitional Housing Program Plus (THP-plus), for emancipated foster youth, ages, 19-24 (Health & Safety Code, §1559.110 (e) and Welfare & Institutions Code, §11403.2).

Los Angeles County participates in both THPP and THP-Plus programs.

As of January 1, 2008, AB1331 was implemented throughout the state. It created a safety net for severely physically and mentally disabled foster youth who are exiting the state system by submitting SSI benefits applications on their behalf in advance of their exit from foster care.

Health Care Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

State: AB 2745 requires that by Jan 1, 2008 each hospital work with its regional hospital association to develop protocols for the release of homeless patients. This went beyond the existing law that required hospitals to have discharge plans for all patients to maintain their license.

County: LA County Public Health Care inpatient facilities implemented a policy requiring that all persons exiting health care facilities receive assistance finding appropriate housing opportunities and needed supportive services. It states that persons leaving these institutions shall not be released into homelessness and that McKinney-Vento funded emergency, transitional or permanent housing units should be used as a last resort. Discharges are facilitated by social workers who evaluate each patient that reports being homeless to determine if discharge arrangements can be made with family, friends, etc.

The CoC Hospital Discharge Planning Task Force, facilitated by the Hospital Association of Southern California, conducted 6 training sessions with hospital administrators, social service directors, case workers and emergency department staff to improve discharge planning activities.

This year, three major hospitals (Kaiser Permanente, Methodist Hospital of Southern California and Hollywood Presbyterian Medical Center) in Los Angeles adopted a common discharge planning protocol that goes beyond state requirements to ensure homeless patients are not discharged to inappropriate locations.

Mental Health Discharge

For Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Two years ago, the Los Angeles County Department of Mental Health (DMH) finalized and implemented discharge planning procedures for (1) Acute Care Hospitals, (2) State Mental Hospitals and (3) Institutions for Mental Disease (IMDs) that are designed to ensure that patients are not discharged into homelessness. These county-wide protocols ensure that discharge planning for the homeless occurs from the beginning of treatment.

Acute Psychiatric Inpatient contracts were revised to include provisions for similar discharge planning. DMH monitors contracts to ensure compliance with State and Federal laws regarding discharge planning. This ensures compliance with required aftercare plans that are individualized. These plans incorporate the following elements:

- 1) physical need
- 2) financial need
- 3) family involvement (when appropriate)
- 4) accessibility to services
- 5) housing need

DMH has also developed program guidelines for outreach and engagement for clients in institutions through Assertive Community Treatment, AB 2034 and Full Service Partnerships programs. The guideline states the agency staff must work cooperatively with the institution to coordinate discharge. The agency staff shall assist with locating residential placement/housing.

These improved discharge planning protocols are leveraged by funding from the Mental Health Services Act to create housing for the homeless and those at-risk of homelessness with severe mental illness.

Corrections Discharge

For Formal Protocol Implemented, provide a summary of the formal and specific protocol, plan, process or policy that has been agreed upon.

Must attach protocol copy. Go to 3D.Discharge Planning Attachments page

Correctional facilities operated by the Los Angeles County Sheriff's Department are the only substantial source of prison and jail capacity in the Los Angeles CoC, holding approximately 20,000 prisoners on any given night. These county facilities are available for use by all cities within the County.

Under the Sheriff's Department, the Community Transition Units (CTU) prepares prisoners for social reintegration by 1) preventing discharge into homelessness by creating linkages to appropriate resources, 2) ensuring staff is responsible for completing discharge plans for each prisoner, 3) assuring discharge plans include educational, housing, job training, health care, entitlements assistance, advocacy, community linkages, social work and mental health components where applicable. The CTU provides case managers, including night staff to assist homeless people prior to and during release.

CTU coordinates mental health, hospitalization & benefits enrollment with relevant county departments. For example, the Department of Mental Health provides staff to jails assigned to assist transitioning homeless inmates into housing and ensures that inmates stay on schedule with their medications. The Department of Public Social Services (DPSS) identifies individuals scheduled for release that are eligible for mainstream benefit programs. DPSS works with the Department of Health Services to ensure that inmates being discharged to/from hospitals are also targeted for benefits enrollment.

3E. Continuum of Care (CoC) Coordination

CoCs should coordinate, as appropriate, with any existing strategic planning groups to assess the local homeless system and identify shortcomings and unmet needs. Answer the following questions regarding coordination in the CoC.

Does the CoC's Consolidated Plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the Consolidated Plan:

LAHSA worked closely with both the County and the City of Los Angeles to align the 2008-2013 Consolidated Plans goals with the goals of the CoC.

City of Los Angeles:

1. Create new permanent housing beds for chronically homeless persons.
2. Increase percentage of homeless persons staying in permanent housing over 6 months to at least 71%.
3. Increase percentage of homeless persons moving from transitional housing to permanent housing to at least 61.5%.
4. Increase percentage of homeless persons employed at exit to at least 18%.
5. Ensure that the CoC has a functional HMIS system.

County of Los Angeles:

1. Housing to Prevent and End Homelessness
2. Improving the Continuum of Homeless Services
3. Increasing Income and Improving Economic Stability
4. Improving Health and Human Services

The County stated the goal of providing increased funding of \$95.4 million for innovative solutions to homelessness through the Homeless Prevention Initiative (HPI).

Within the CoC's geographic area, is one or more jurisdictional 10-year plan(s) being developed or implemented (separate from the CoC 10-year plan)? Yes

Does the 10-year plan include the CoC strategic plan goals to address homelessness and chronic homelessness? Yes

If yes, briefly list a few of the goals included in the 10-year plan(s):

As administrator of the Los Angeles Continuum of Care, LAHSA is guiding local planning efforts and will complete a business-like Los Angeles CoC 10-Year Plan that includes the following goals:

1. Increase permanent housing stock for the chronically homeless
2. Decrease family homelessness
3. Increase housing retention in permanent housing
4. Increase access to permanent housing for homeless in emergency and transitional housing
5. Increase access to employment services for the homeless
6. Integrate city and county systems for housing and services

3F. Hold Harmless Need (HHN) Reallocation

Instructions:

CoC's that are in Hold Harmless Need status may choose to eliminate or reduce one or more of their SHP grants eligible for renewal in the 2008 CoC competition. CoC's may reallocate the funds made available through this process to create new permanent housing projects or HMIS. Reallocation projects may be SHP (1, 2, or 3 years), SPC (5 years) or Section 8 SRO (10 years). CoC's that are in Preliminary Pro Rate Need (PPRN) status are not eligible to reallocate projects. Reallocated funds cannot be used for Samaritan Housing project(s).

Refer to the NOFA for additional guidance on reallocating projects.

Is the CoC reallocating funds from one or more expiring renewal grant(s) to one or more new project(s)? No

CoC's that are in Preliminary Pro Rata Need (PPRN) status are not eligible to reallocate projects.

4A. Continuum of Care (CoC) 2007 Achievements

Instructions:

For the five HUD national objectives in the 2007 CoC application, enter the 12-month numeric achievements that you provided in Exhibit 1, Chart N of the 2007 CoC application in the first column, "Proposed 12-Month Achievement". Under "Actual 12-Month Achievement" enter the numeric achievement that you CoC attained within the past 12 months that is directly related to the relevant national objective.

Objective	Proposed 12-Month Achievement (number of beds or percentage)		Actual 12-Month Achievement (number of beds or percentage)	
Create new PH beds for CH	926	Beds	1,001	B e d s
Increase percentage of homeless persons staying in PH over 6 months to at least 71%	87	%	88	%
Increase percentage of homeless persons moving from TH to PH to at least 61.5%	50	%	53	%
Increase percentage of homeless persons employed at exit to at least 18%	18	%	20	%
Ensure that the CoC has a functional HMIS system	10	%	16	%

4B. Continuum of Care (CoC) Chronic Homeless Progress

Complete the following fields using data from the last point-in-time (PIT) count and housing inventory count. For additional instructions, refer to the detailed instructions available on the left menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in your CoC for each year

Year	Number of CH Persons	Number of PH beds for the CH
2006	34,512	683
2007	22,376	951
2008	22,376	1,001

Indicate the number of new PH beds in place 50 and made available for occupancy for the chronically homeless between February 1, 2007 and January 31, 2008

Identify the amount of funds from each funding source for the development and operations costs of the new CH beds created between February 1, 2007 and January 31, 2008.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development	\$628,571		\$2,073,228	\$2,448,344	\$922,449
Operations	\$82,494			\$16,356	\$235,418
Total	\$711,065	\$0	\$2,073,228	\$2,464,700	\$1,157,867

4C. Continuum of Care (CoC) Housing Performance

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients move to and stabilize in permanent housing.

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	320
b. Number of participants who did not leave the project(s)	1796
c. Number of participants who exited after staying 6 months or longer	280
d. Number of participants who did not exit after staying 6 months or longer	1574
e. Number of participants who did not leave and were enrolled for 5 months or less	222
TOTAL PH (%)	88
Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	3309
b. Number of participants who moved to PH	1764
TOTAL TH (%)	53

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Using data from the most recently submitted APRs for each of the projects within the CoC, provide information about the CoCs progress in reducing homelessness by helping clients access mainstream services and gain employment.

Total Number of Exiting Adults: 19,094

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)
SSI	1,637	9 %
SSDI	566	3 %
Social Security	214	1 %
General Public Assistance	2,009	11 %
TANF	2,863	15 %
SCHIP	618	3 %
Veterans Benefits	281	1 %
Employment Income	3,762	20 %
Unemployment Benefits	108	1 %
Veterans Health Care	299	2 %
Medicaid	229	1 %
Food Stamps	2,650	14 %
Other (Please specify below)	479	3 %
Child Support, Worker's Comp, Retirement, WIC, Inheritance, Pension, School Financial Aid, Medicare, SS Survivor's Benefits, SSP, Private Disability, Adoption Assistance, SDI, Administrative Leave Pay		
No Financial Resources	6,089	32 %

The percentage values are automatically calculated by the system when you click the "save" button.

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? Yes

4E. Section 3 Employment Policy Detail

Is the project requesting \$200,000 or more?: Yes

If Yes to above question, click save to provide activities

**Which activities will the project undertake to ensure that employment and other economic opportunities are directed to low and very low income persons?
(Select all that apply)**

Advertise at social service agencies,
employment/training/community centers, local
newspapers, shopping centers, radio

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

Does the CoC systematically analyze the APRs for its projects to assess and improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

All APRs are reviewed annually by a contracts specialist and an outcomes specialist, as well as by LAHSA's Chief Operating Officer and Executive Director. Part of this review is an assessment of the program's ability to connect clients to mainstream benefits and other income sources. This is done by comparing client income, as well as employment and benefits enrollment status, at the times of entrance into and exit from the program. This is done to ensure that there has been a significant increase in the number of clients who increased their income, obtained employment and/or were linked to mainstream programs. LAHSA then works with underperforming agencies to create a strategy to improve performance. Program performance is also reported at least annually during public meetings of the LAHSA Commission or committees of the Commission.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

LAHSA Policy and Planning Committee reviews performance on a quarterly basis. The Committee relies on the following groups to provide a review on a regional basis:

Los Angeles County Children & Families Wellbeing Homeless Issues Meeting. 3rd Wednesday of the month, 2/20/08 - 9/17/08.

Los Angeles County SSI Advocacy Project. Met on 11/14/07, 12/5/07, 12/12/07, 12/19/07, 2/4/08, 2/14/08, 3/3/08, 3/4/08, 3/20/08, 6/5/08, 8/25/08.

Westside Shelter & Hunger Coalition. 2nd Thursday of the month, 9/13/07 - 6/12/08; third Thursday of the month, 7/17/08 - 9/18/08.

Pomona CoC Coalition. 1st Thursday of the month, 9/6/07 - 9/4/08.

San Fernando Valley Providers Collaborative. 2nd Thursday of the month, 9/13/07 - 9/11/08.

San Fernando Valley Homeless Coalition. 4th Wednesday of the month, 9/26/07 - 9/24/08.

East San Gabriel Valley Consortium on Homelessness. 2nd Wednesday of the month, 9/12/07 - 9/10/08.

Antelope Valley Homeless Coalition. 1st Wednesday of the month, 9/5/07 - 9/3/08.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

If "Yes", specify the frequency of the training. Monthly or more

Does the CoC uses HMIS to screen for benefit eligibility? Yes

If "Yes", indicate for which mainstream programs HMIS completes screening.

During the intake process, clients are asked about their income and participation in mainstream programs, and this information is entered into HMIS. Case managers then use HMIS to ask clients about their age, income, veteran status, physical and developmental disabilities, mental health problems, substance abuse problems, employment status, employment history, and the presence of dependent children. Through these questions, the case managers are able screen clients for eligibility for a variety of mainstream benefits, including Supplemental Security Income (SSI), Social Security Disability Income (SSDI), Social Security, General Public Assistance, Temporary Assistance for Needy Families (TANF), State Childrens Health Insurance Program (SCHIP), Veterans Benefits, Unemployment Benefits, Veterans Health Care, Medicaid, and Food Stamps.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

Trainings have been taking place quarterly since 2006. This years training dates were February 26, 2008; March 25, 2008; June 3, 2008; and September 30, 2008.

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:	92%
<p style="padding-left: 40px;">Typically, clients are systematically assessed for benefits eligibility upon entry into the program. Case managers work one-on-one with the clients to help them apply for the appropriate benefits. Case managers ensure that their application forms are correctly completed and submitted.</p>	
2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.	90%
3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:	12%
<p style="padding-left: 40px;">Some providers use a comprehensive form to help their clients apply for a variety of mainstream programs. The most common programs included on combined application forms include: SSI, VA benefits, County General Relief (for individuals), TANF benefits (for families), Medicaid and Unemployment.</p>	
4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.	95%
4a. Describe the follow-up process:	
<p style="padding-left: 40px;">Case managers meet regularly with clients during the application process to ensure that all follow-up correspondence takes place until benefits are received. Often, case managers also maintain contact on behalf of their clients with the government agencies responsible for providing the benefits.</p>	

Questionnaire for HUD's Initiative on Removal of Regulatory Barriers (HUD 27300)

Complete Part A if the CoC Lead Agency is a local jurisdiction (a county exercising land use and building regulatory authority and another applicant type applying for projects located in such jurisdiction or county (collectively or jurisdiction)).

Complete Part B if the CoC Lead Agency is a State agency, department, or other applicant for projects located in unincorporated areas or areas otherwise not covered in Part A.

Indicate the section applicable to the CoC Lead Agency: Part A

Part A - Questionnaire for HUD's Initiative on Removal of Regulatory Barriers

Part A. Local Jurisdictions. Counties Exercising Land Use and Building Regulatory Authority and Other Applicants Applying for Projects Located in such Jurisdictions or Counties [Collectively, Jurisdiction]

<p>*1. Does your jurisdiction's comprehensive plan (or in the case of a tribe or TDHE, a local Indian Housing Plan) include a "housing element"?</p> <p>A local comprehensive plan means the adopted official statement of a legislative body of a local government that sets forth (in words, maps, illustrations, and/or tables) goals, policies, and guidelines intended to direct the present and future physical, social, and economic development that occurs within its planning jurisdiction and that includes a unified physical plan for the public development of land and water. If your jurisdiction does not have a local comprehensive plan with a housing element, please select No. If you select No, skip to question # 4.</p>	Yes
<p>2. If your jurisdiction has a comprehensive plan with a housing element, does the plan provide estimates of current and anticipated housing needs, taking into account the anticipated growth of the region, for existing and future residents, including low, moderate and middle income families, for at least the next five years?</p>	Yes
<p>3. Does your zoning ordinance and map, development and subdivision regulations or other land use controls conform to the jurisdiction's comprehensive plan regarding housing needs by providing: a) sufficient land use and density categories (multi-family housing, duplexes, small lot homes and other similar elements); and, b) sufficient land zoned or mapped "as of right" in these categories, that can permit the building of affordable housing addressing the needs identified in the plan?</p> <p>(For purposes of this notice, "as-of-right" as applied to zoning, means uses and development standards that are determined in advance and specifically authorized by the zoning ordinance. The ordinance is largely self-enforcing because little or no discretion occurs in its administration). If the jurisdiction has chosen not to have either zoning, or other development controls that have varying standards based upon districts or zones, the applicant may also enter yes.</p>	Yes
<p>4. Does your jurisdiction's zoning ordinance set minimum building size requirements that exceed the local housing or health code or that are otherwise not based upon explicit health standards?</p>	No
<p>*5. If your jurisdiction has development impact fees, are the fees specified and calculated under local or state statutory criteria?</p> <p>If no, skip to question #7. Alternatively, if your jurisdiction does not have impact fees, you may select Yes.</p>	Yes
<p>6. If yes to question #5, does the statute provide criteria that sets standards for the allowable type of capital investments that have a direct relationship between the fee and the development (nexus), and a method for fee calculation?</p>	Yes

Part A - Page 2

*7. If your jurisdiction has impact or other significant fees, does the jurisdiction provide waivers of these fees for affordable housing?	Yes
*8. Has your jurisdiction adopted specific building code language regarding housing rehabilitation that encourages such rehabilitation through graduated regulatory requirements applicable as different levels of work are performed in existing buildings? Such code language increases regulatory requirements (the additional improvements required as a matter of regulatory policy) in proportion to the extent of rehabilitation that an owner/developer chooses to do on a voluntary basis. For further information see HUD publication: Smart Codes in Your Community: A Guide to Building Rehabilitation Codes (http://www.huduser.org/publications/destech/smartcodes.html)	Yes
*9. Does your jurisdiction use a recent version (i.e. published within the last 5 years or, if no recent version has been published, the last version published) of one of the nationally recognized model building codes (i.e. the International Code Council (ICC), the Building Officials and Code Administrators International (BOCA), the Southern Building Code Congress International (SBCI), the International Conference of Building Officials (ICBO), the National Fire Protection Association (NFPA)) without significant technical amendment or modification. In the case of a tribe or TDHE, has a recent version of one of the model building codes as described above been adopted or, alternatively, has the tribe or TDHE adopted a building code that is substantially equivalent to one or more of the recognized model building codes?	No
Alternatively, if a significant technical amendment has been made to the above model codes, can the jurisdiction supply supporting data that the amendments do not negatively impact affordability.	
*10. Does your jurisdiction's zoning ordinance or land use regulations permit manufactured (HUD-Code) housing "as of right" in all residential districts and zoning classifications in which similar site-built housing is permitted, subject to design, density, building size, foundation requirements, and other similar requirements applicable to other housing that will be deemed realty, irrespective of the method of production?	Yes
*11. Within the past five years, has a jurisdiction official (i.e., chief executive, mayor, county chairman, city manager, administrator, or a tribally recognized official, etc.), the local legislative body, or planning commission, directly, or in partnership with major private or public stakeholders, convened or funded comprehensive studies, commissions, or hearings, or has the jurisdiction established a formal ongoing process, to review the rules, regulations, development standards, and processes of the jurisdiction to assess their impact on the supply of affordable housing?	Yes
*12. Within the past five years, has the jurisdiction initiated major regulatory reforms either as a result of the above study or as a result of information identified in the barrier component of the jurisdiction's "HUD Consolidated Plan?" If yes, briefly describe. (Limit 2,000 characters.)	Yes
<p>Condominium conversions and demolitions: adopted ordinance that revised tenant relocation assistance (4/11/07) and new procedures for consideration of requests to convert buildings to condominiums (4/11/07). Mello Act implementing ordinance approved by City Planning Commission (3/8/08, Council pending). Density Bonus implementing ordinance approved by City Planning Commission and City Council Committees (CPC 6/9/05, PLUM 4/3/06, HCED 8/1/06, Special Joint Meeting CPC and AHC 8/21/06, Council pending). Changes to parking requirements for single and multi-family structures (CPC 1/11/07, Council pending). Small Lot Subdivision Ordinance: to allow small lots and provide affordable homeownership (effective 1/31/05). Eldercare Ordinance to clarify and streamline the consideration of development applications for a variety of eldercare facilities (effective 12/30/06). Reasonable Accommodation Ordinance to incorporate streamlined process for review and approval of requests to retrofit homes for persons with disabilities (effective 3/18/06). Study has been initiated to create a Benefit Fee from development to support affordable housing and other public needs. Transfer of Floor Area Ratio (TFAR) Ordinance adopted: created a public benefit fund to support affordable housing and other public benefits (effective 5/20/07). Downtown Ordinances adopted: created a density bonus and incentives for encourage projects in the downtown area to include affordable housing (PLUM 3/6/07, Council pending). Proposals under development regarding preservation of industrial land and allowing some industrial land to convert to residential uses.</p>	
*13. Within the past five years has your jurisdiction modified infrastructure standards and/or authorized the use of new infrastructure technologies (e.g. water, sewer, street width) to significantly reduce the cost of housing?	No

Part A - Page 3

<p>*14. Does your jurisdiction give "as-of-right" density bonuses sufficient to offset the cost of building below market units as an incentive for any market rate residential development that includes a portion of affordable housing?</p> <p>(As applied to density bonuses, "as of right" means a density bonus granted for a fixed percentage or number of additional market rate dwelling units in exchange for the provision of a fixed number or percentage of affordable dwelling units and without the use of discretion in determining the number of additional market rate units.)</p>	Yes
<p>*15. Has your jurisdiction established a single, consolidated permit application process for housing development that includes building, zoning, engineering, environmental, and related permits?</p> <p>Alternatively, does your jurisdiction conduct concurrent, not sequential, reviews for all required permits and approvals?</p>	No
<p>*16. Does your jurisdiction provide for expedited or "fast track" permitting and approvals for all affordable housing projects in your community?</p>	No
<p>*17. Has your jurisdiction established time limits for government review and approval or disapproval of development permits in which failure to act, after the application is deemed complete, by the government within the designated time period, results in automatic approval?</p>	No
<p>*18. Does your jurisdiction allow "accessory apartments" either as: a) a special exception or conditional use in all single-family residential zones or, b) "as of right" in a majority of residential districts otherwise zoned for single-family housing?</p>	Yes
<p>*19. Does your jurisdiction have an explicit policy that adjusts or waives existing parking requirements for all affordable housing developments?</p>	Yes
<p>*20. Does your jurisdiction require affordable housing projects to undergo public review or special hearings when the project is otherwise in full compliance with the zoning ordinance and other development regulations?</p>	No

Continuum of Care (CoC) Project Listing

Instructions:

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process may take several hours depending on the size of the CoC, however the CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To rank a project, click on the icon next to each project to view project details.

For additional instructions, refer to the 2008 Project Listing Instructions on the left-hand menu bar.
